MARITIME AND AUTOMOTIVE CONSTRUCTION PROGRESSES

CONSTRUCT MARITIME INSTALLATIONS -- Zagreb, Vjesnik, 29 Jan 51

Split, 28 January -- The Pomorsko Gradjevno Poduzece (Maritime Construction Enterprise), in Split has repaired 150 meters of the "Jugodrv" (Yugoslav Lumber), Wharf in Sibenik. The 150-meter "Rogac" Wharf is still under repair, but is expected to be completed this year. The "Vrulje" jetty will be paved with concrete this year, and a railroad will connect the "Rogac" and Dobrika wharfs. When all construction projects in Sibenik Harbor are completed, two additional transoceanic ships will be able to anchor there.

The Sv. Dujce jetty in Split is being repaired, and extended by 50 meters to the west. Thus far, 150 meters of wharf in North Harbor near Split have been made ready for anchoring transoceanic ships. Construction and repair of the wharfs near the "Prvoborac" Factory in Suvađa and the "Antisa Vucicic" in Vranjic is under way.

BUILD SHIP-DISMANTLING SHOP -- Ljubljana, Slovenski Porocevalec, 27 Jan 51

More scrap iron is scheduled to be salvaged in 1951 than was salvaged in 1950. For that purpose, a workshop for the dismantling of old ships is being built in Kastel Bay, near Split, by the Pomorsko Gradbeno Podjetje (Maritime Construction Enterprise), in Split.

The workshop will belong to the "Brocoremont" (formerly "Broospas"), Enterprise. The wharf, which will harbor ships for dismantling, will be equipped with cranes which will load the dismantled parts directly on freight cars for shipment to steel mills. The workshop will have its own oxygen factory.

BEGINS TEST VOYAGE -- Belgrade, Borba, 31 Jan 51

Rijeka, 30 January -- The motor ship Pecine, formerly the Asterija, which has a tonnage of 450 gross registered tons, began its test voyage today. Last year, the ship was salvaged by the "Brodogoremont" Enterprise and repaired by the "Viktor Lenac" Institute in Rijeka. The Pecine will become part of the Jadranska Slobodna Plovidba (Adriatic Free Navigation).

PRODUCE 800 TRUCKS -- Belgrade, Borba, 30 Jan 51

Maribor, 29 January -- This year's production goal for the automobile factory in Maribor is twice the 1950 plan. Among other items, the factory is scheduled to produce 800 Pionir trucks and to repair 2,300 automobiles.
